PRINCIPAL'S MESSAGE

June 1968 brings to a close another successful year for Vic High. We have seen the beginning of our Student Parliament, a major change in student government; hundreds walked for the "Miles for Millions" project; "Teahouse of the August Moon" delighted all who saw it; and our Girls' Volleyball Team, the "Teekees", brought us another Provincial title.

Congratulations are due to all, students and staff, who contributed so much in so many ways to the life of our School. A special word of thanks goes to the Editorial Staff of the Camosun for providing us with this fine Annual.

Our good wishes go to you, our Graduates. May the future see the fulfillment of your hopes and ambitions. Good Luck.

PRIME MINISTER'S MESSAGE

One more year has ended in our school careers, a year in which we have enjoyed new experiences and I hope have "won out on top".

For some, next year will be the beginning of further education, whether in apprenticeship, at a technical school, or on a university campus. For others, the completion of high school will mean an occupation in our fast-moving society. For still others, the corridors of Vic High will once again be familiar. Yet one simple sentence is the key to success in the futures of all of us:

"No reward without effort"

If we honestly say, remember, and practise this, our lives will be successful and happy ones. It is easy to say it and remember it. We must tell ourselves it is just as easy to practise it.

Good luck in the future,

Roger Skillings

CABINET

Fern Chapman, Mary Anne Glover, Tony Cable, Adrienne Chan, Roger Skillings, Prime Minister; Anne McKeachie, Bill Darling.

THE CABINET MINISTERS REPORT:

MINISTER OF ATHLETICS:
Anne McKeachie

The Minister of Athletics acts as the liaison between the sports rep teams and the student parliament. My main job this year was to keep students aware of sports events. Numerous minor duties, such as getting scorers and timers, were delegated to my deputy ministers or members of the Athletic Committee.

MINISTER WITHOUT PORTFOLIO:
Fern Chapman

The duties of this ministry will vary from year to year according to which department the Cabinet feels needs the most help. This year I have been in charge of publicity – posters, announcements, etc. as well as the Walkathon for Vic High. I am now the representative from our school to the committee which is continuing from the Walkathon.

MINISTER OF FINANCE:
Mary Anne Glover

The Finance Department took over the duties previously done by the Treasurer of the Students' Council. With the help of my able Deputy Minister, Alan Shaw, who is Student Accountant, I kept records of all student accounts and presented the budget and financial statements to the Student Parliament. I wish to thank the cashiers, Mr. Trotter, Mr. Nesmith, and Al Shaw for all their help.

MINISTER OF CLUBS:
Adrienne Chan

As Minister of Clubs I have tried to promote activities between the clubs and students and have acted as the communication between the clubs and the staff and student government. The Clubs Department handled the distribution of individual photographs and the sale of school sweaters. I am grateful for the co-operation I have received during this year.

MINISTER OF JUSTICE:
Tony Cable

As Justice Minister this year I was responsible for aiding the staff in the supervision of school activities such as sock hops and basketball games, and the patrolling of the cafeteria. The prefects this year enjoyed sponsoring a sock hop, and were able to purchase new arm bands from the proceeds. Many thanks go to the staff, to the students, and especially to my Deputy Minister, Bob Hissink.

MINISTER OF SOCIAL AFFAIRS:
Bill Darling

As Minister of Social Affairs I have tried to initiate and organize all social activities of the school. This Ministry has sponsored such events as the school dances, Grub Day, Hat Day, and Black and Gold Day. A special thanks must go to my deputy minister Jackie Dobbyn, Mr. Nesmith, and all who helped make social events a success.

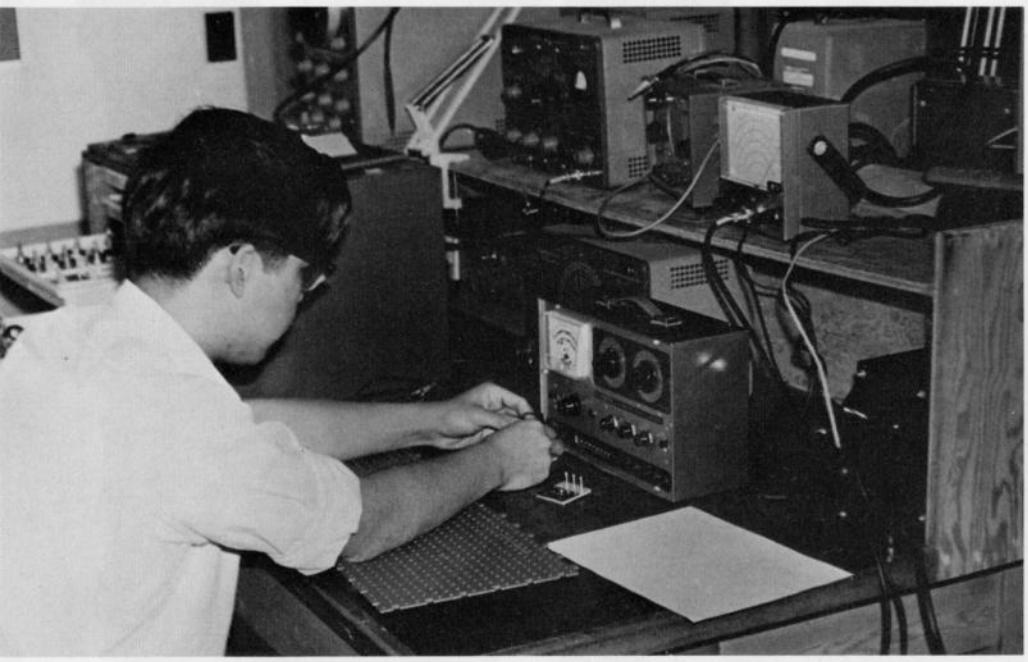
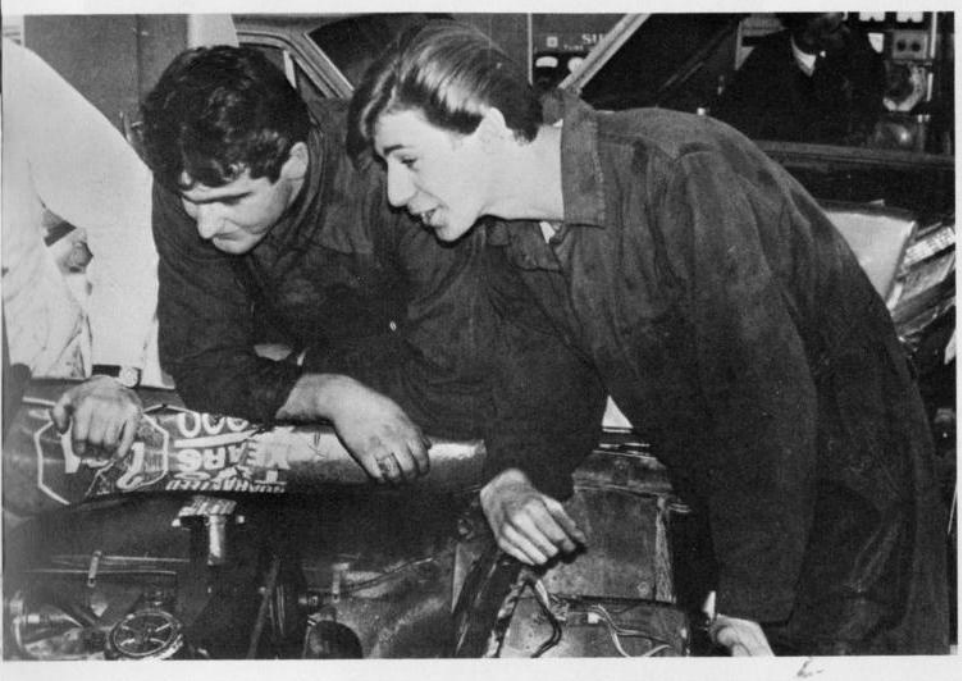
CURRICULUM

THE F.T. FAIREY TECHNICAL UNIT

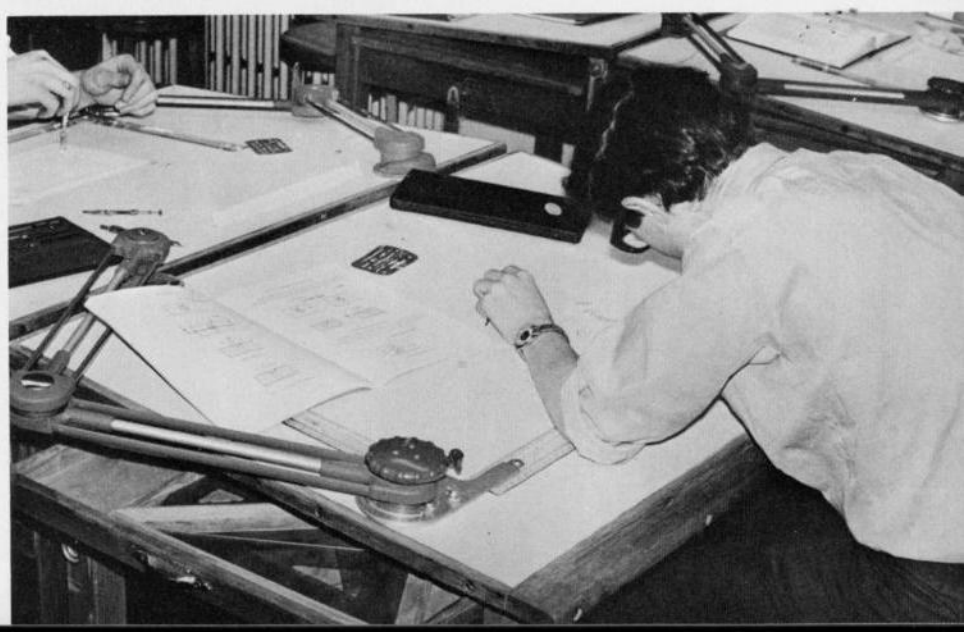
RIGHT: A student in the Machine Shop heat-treating carbon tool steel.
BELOW: Preparation of an experiment in an Electronics class.

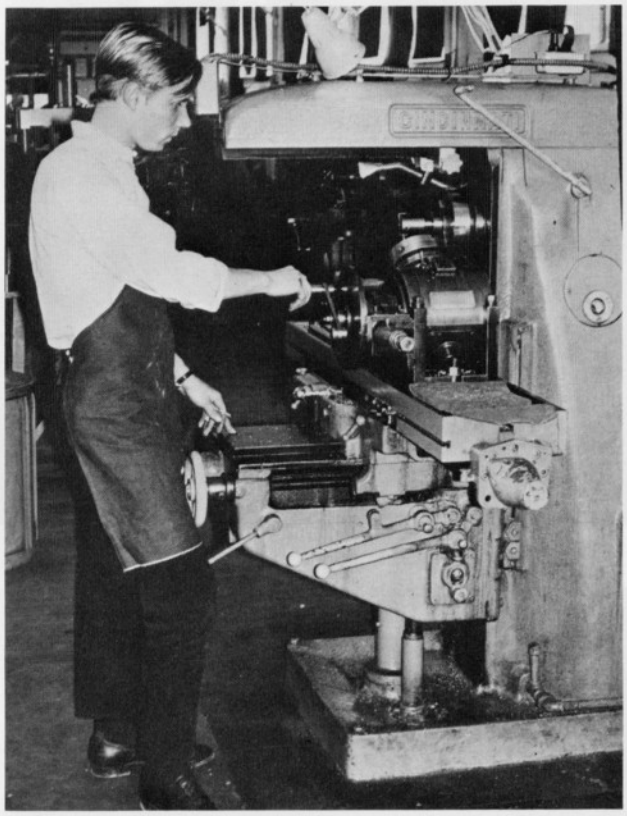


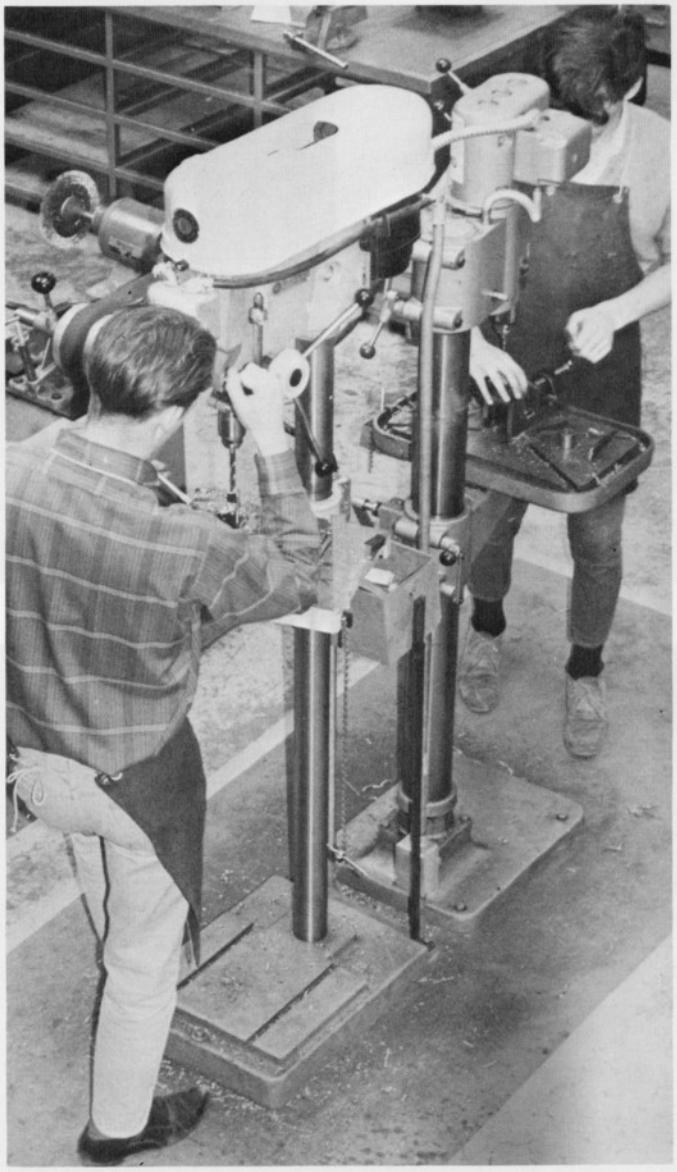
LEFT: Under the supervision of Mr. Salmon, members of a construction class make cabinets for the portable classroom.



ABOVE: Electrical students in Mr. Paone's class winding an automotive armature.
LEFT: Mr. Hill instructs automotive students.
BELOW: A Drafting 12 student using a drafting machine.







ABOVE: A Vocational Technical student working with a milling machine in the Machine Shop.
RIGHT: Industrial Arts students under the direction of Mr. Regan operate drill presses in the Mechanics Shop.
BELOW: A view of the attractive modern house currently under construction by the Carpentry classes.

Typing students doing assignments.

COMMERCIAL

Nearly one half of the students in the school make use of the opportunities offered by the Commercial Department. Some of these take only courses as options, but others take a full program aimed at finding jobs in the business world as stenographers, bookkeepers, or clerks. Equipment available consists of three typewriting rooms, one of which has electric typewriters, a machines room where all basic types of office equipment can be found, and a bookkeeping room equipped with simple adding machines. Students are introduced to practical business procedures by working in the Commercial Office. It is here that all school funds are received and deposited, and the school treasurer handles the school accounts. Students are given experience in clerical and duplicating work as they render service to the school as a whole.

THE FINE ARTS

ART: Education through visual experience, and painting in the basic concepts of visual communication, are the general aims of the Art Department under the direction of Mr. Hemming. Transmission and reception of ideas through all media relying entirely on visual senses will result in greater clarity of expression and will eventually become a truly international language.

ACTING: Many fine student actors and actresses take Drama and Acting classes under the able direction of Mr. Farr. They learn the elements of poise and good speech which stand them in good stead in any job where they have to meet or speak to the public. Besides that, they have a great deal of fun "not being themselves", and giving entertainment to others in plays presented to the public.

MUSIC: The music department has embarked on an era of ambition and discipline this year under the direction of Mr. Axel Waldhaus. The band has taken trips to Port Alberni and Seattle. Money-raising campaigns were staged, new equipment was acquired, and music was made here, there and everywhere . . . For the Music Festival the entire band, a saxophone duet, and a brass ensemble were entered.

Apart from the regular band, a pep band was organized for high spirits and such things, and provided much entertainment for games and pep rallies. May the music department and its Five Year Plan rise to greater glory!

Painting

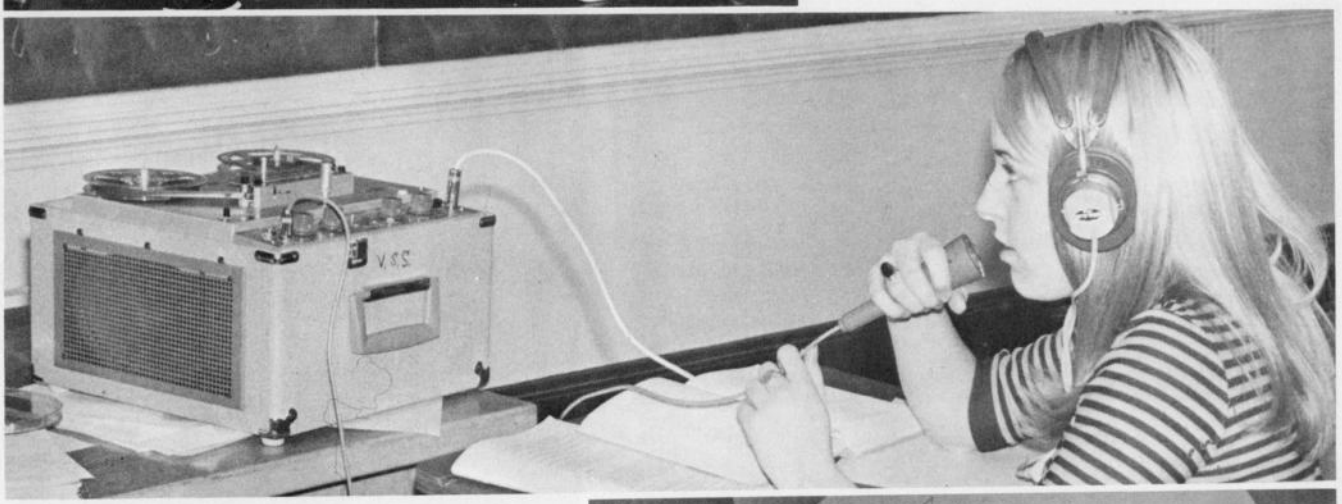
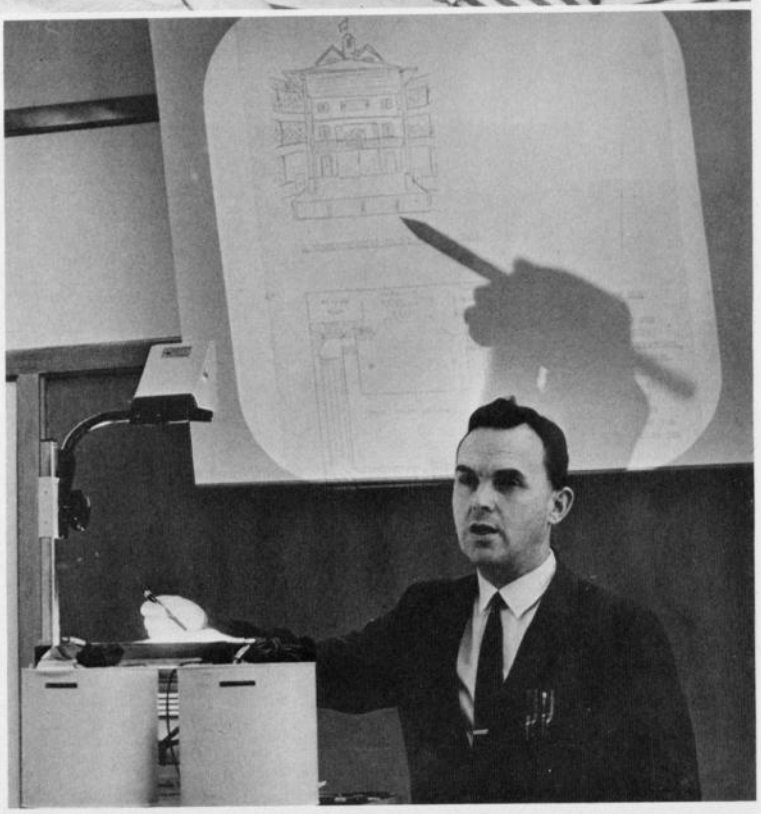
COMMUNITY RECREATION

Community Recreation is a new course introduced this past year. It is an "exposure course" to the many facilities available to the community during leisure time. It also helps students develop skills in organizing tournaments and encourages an appreciation of art. The course includes swimming, fencing, golfing, skating, bowling, curling, square dancing, and lectures in art appreciation.

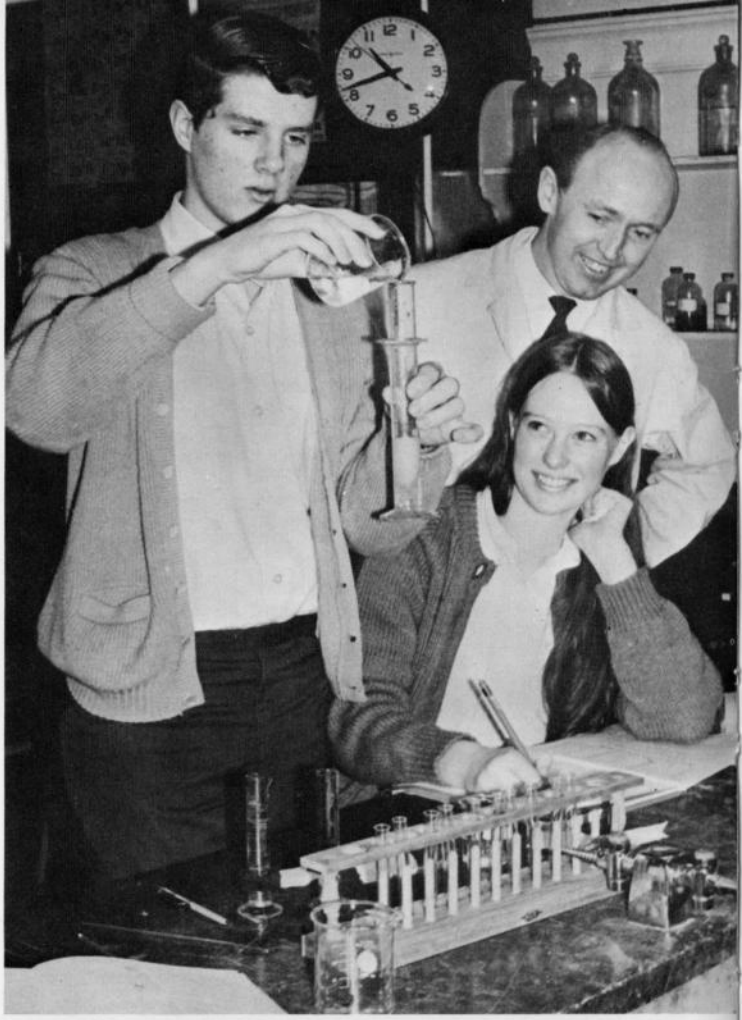




ABOVE: The tape recorder is a modern aid to help overcome difficulties in language classes. Second best to a full language lab, French teachers have found a tape recorder and mike excellent for helping students in pronunciation and general oral work.
RIGHT: Among the modern items of equipment currently being introduced into the school is the overhead projector, seen here in use in an English class.

COMMUNITY SERVICES

Students on the Community Services Program have been especially busy this year with projects that relate to the community in general. The Management classes made drapes for the School Board Offices; the Child Care class ran a day nursery; and the Foods 12B class did catering. A boys' cooking class was also a first this year.



SCIENCES

BIOLOGY: The Biology course is based on the principle of learning by doing. Biology 11 is centered on lab. work, and Biology 12 is more "fact-centered", applying the principles of Biology 11 to individual species of animals and plants.

CHEMISTRY: The new Chemistry program is designed to meet the needs of students in the recent knowledge explosion. Teachers are enthusiastic about the new approach, while students find that the challenge of learning stimulates them to think and develop laboratory skills and techniques.

PHYSICS: An experimental approach to Physics, followed by mathematical analysis, leads Vic High students to ascertain natural laws. Discovery, rather than mere verification, is the chief end of this laboratory-based course.

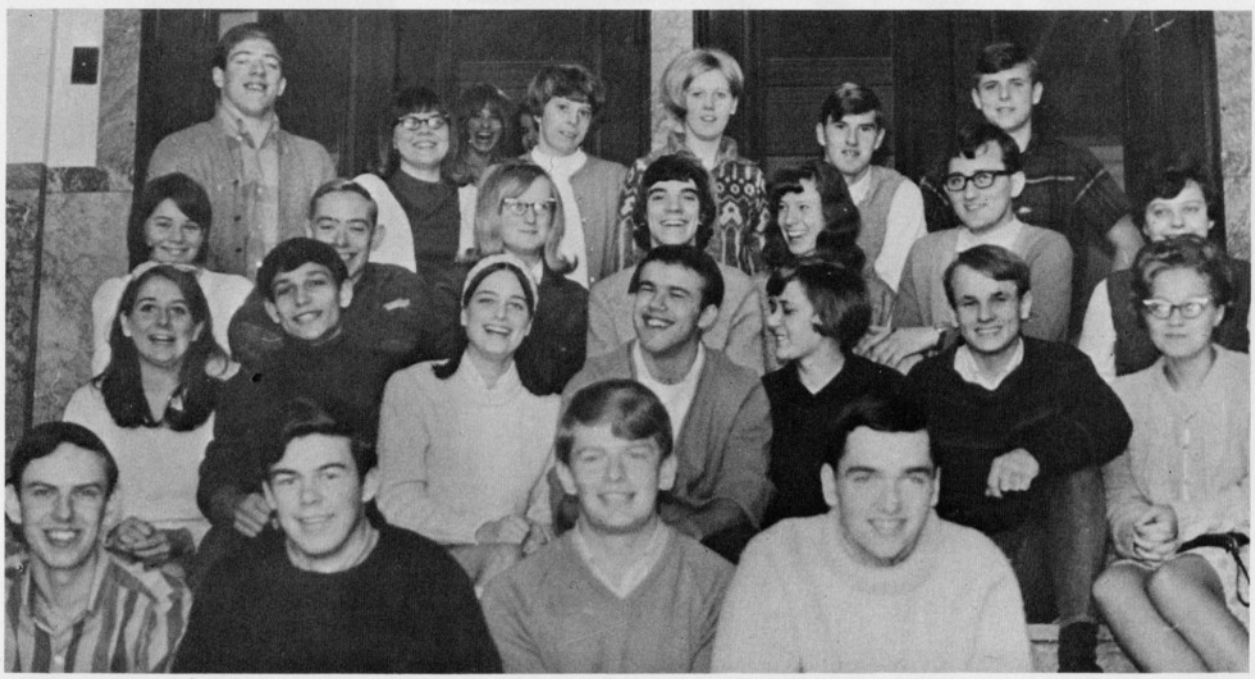
CUBS

PEP CLUB

The purpose of the Pep Club is to demonstrate and encourage school spirit. Due to the small but faithful membership this has been difficult but fun. Pep rallies have proven to be exciting for members and spectators alike.

PREFECTS

The thirty-nine members of the Prefects headed by Tony Cable, Bob Hissink, and Mr. Nesmith have maintained law and order at school dances and sock hops. Otherwise they are generally inconspicuous.

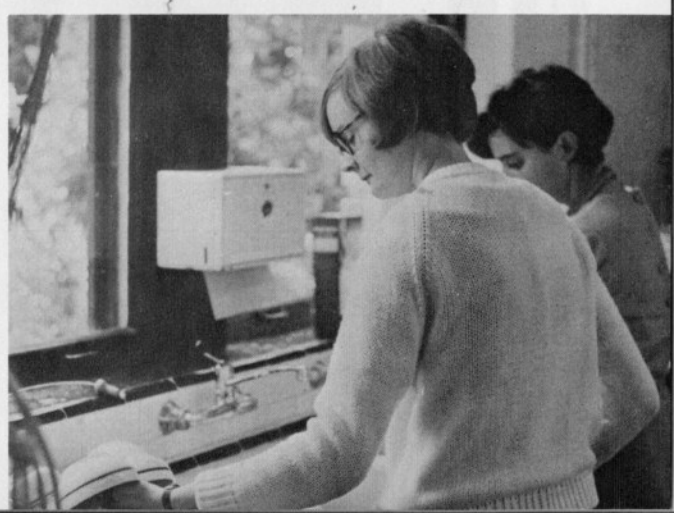


CASHIERS

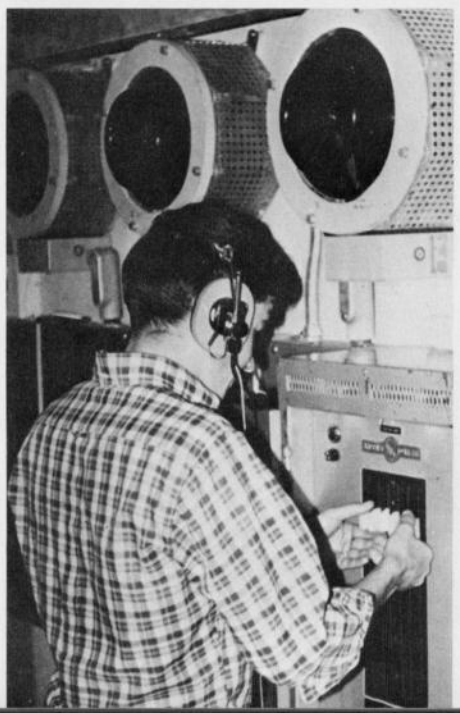
A small but active club, the Cashiers have busily collected money at all games, noon hour sock hops, dances and plays. Their sponsor is Mr. Trotter and their President is Valerie Walleen.

CAFETERIA

Under the efficient supervision of Miss Brazier, the cafeteria crew has had much success in managing the food line. Due to the scrumptiousness of the food, there has always been a long line of starving students. Three cheers for our hard-working cafeteria crew!



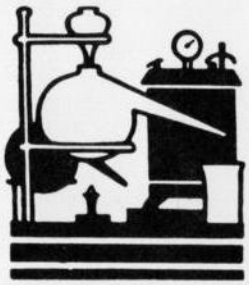
This year the Stage Crew (often spelled Stag Crew), sponsored by Mr. Farr and run by Bob Brand, flourished. Glen Jones as lighting manager and Bonnie Davis as costume mistress helped in the Drama Festival productions, "Shall We Join the Ladies" and "The Resounding Tinkle".



Earlier "Teahouse of the August Moon" ran at both Vic High and the McPherson Playhouse with tremendous success. It was a year of triumph for the stage crew.

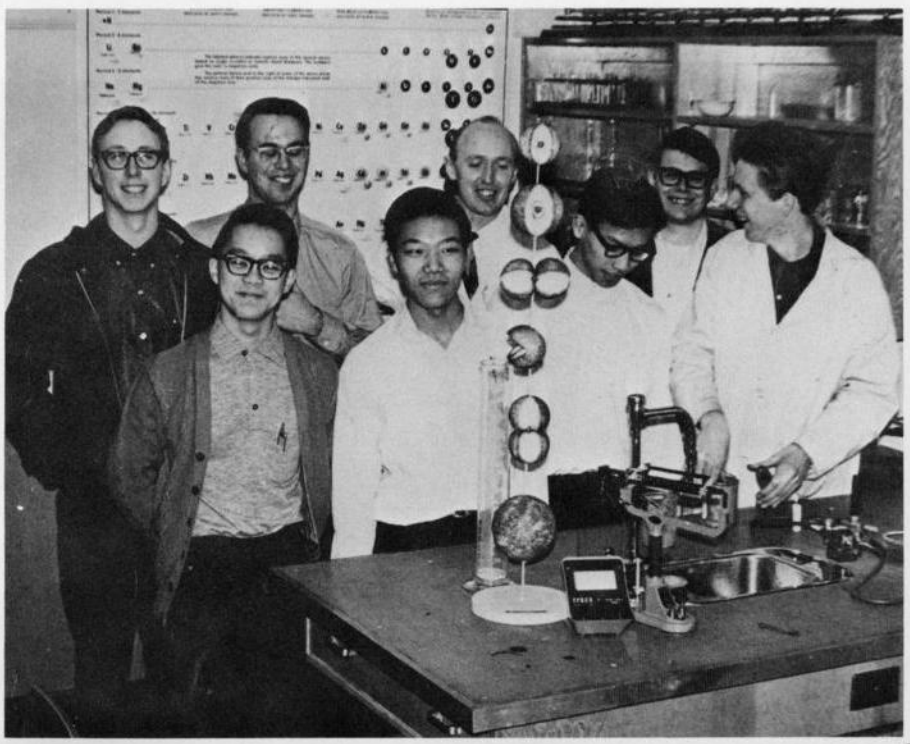
CHESS

Under the sponsorship of Mr. Chell, the "Master Genius", and under the leadership of Terry Tibando, our fifteen august gentlemen have competed in provincial and inter-school tournaments with successful results. Twice a week in Room 110 there was always a placid contest of wits among the duellists over the checkered battlefields.



CHEM LAB

Contrary to popular belief, the chem crew DOES spend all its time trying to blow up the labs. Its members prepared solutions, supervised repeated labs, and helped with class demonstrations, as well as performing less enjoyable jobs such as washing out test tubes and chemical containers after experiments. Many thanks go to Mr. Ashwell, the brave sponsor of these future chemists.



BAND

FOLK MUSIC CLUB

The Folk Music Club, a new and experimental club was formed this year under the guidance of Mrs. De Villiers and President Terry Crabb. Members were able to sing freely to the melodious strains of guitar music without fear of reproachful looks from fellow members.

BAND

The band, under the new and brilliant leadership of Mr. A. Waldhaus, and sponsored by Mr. Reid, was easily the most high-brow and well-travelled group in the school this year. When not rehearsing passionate works by the great masters, or delivering one of their well received concerts in the auditorium, the band members were busy bringing culture to Victoria's junior and senior secondary schools.

PEP BAND

The Pep Band is a serious, young group of musicians intent upon inspiring our school functions with Vic High spirit and sportsmanship. A few of its more avid members are always found at soccer, rugby, and basketball games infecting the festivities with their enthusiasm and get-up-and-go.

A FEW ODD WORDS

The student government is hopefully going to involve more people than ever before. It will also, hopefully, give those who take part a greater constitutional responsibility than ever before.

Having devoured most of the school's radical element, the CAMOSUNET has, during the course of the year, instigated major wars, tried to solve the problems of the world, and fought with valiant indignity against red tape and anti-anti-anti-intellectualism. The major activities of the club members concern trying to get rides to the printer's, consuming great quantities of caffeine late at night waiting for inspiration, keeping the insects out of the PUB, typing noisily, running long distances, avoiding the censors, and being merry about the former.

PHYSICS CLUB

1967-68 saw the formation of the Physics Club for all science-minded students. The year's activities included weekly discussion meetings and demonstrations of various scientific instruments. Of main interest was the use of the oscilloscope, an instrument in which variations in current or voltage appear as visible waves of light. The club is sponsored by Mr. Fairbairn.

I.S.C.F. Crest

A highlight of the year was Pioneer Pacific on Thetis Island.

SOCIAL WORKERS

The future Social Workers' Club aims to acquaint students with all aspects of the profession. This newly formed club, sponsored by Miss Ruckle and presided over by Mary-lynne Aikins, boasts fifteen members. Visits to Sevenoaks and the U.B.C. School of Social Work were planned during the year, and the film "Warrendale" was attended by the group. Social workers have also come to speak on their work on behalf of foster children, and to provide those students who wish to enter this field with a basic knowledge of social work.

PHOTOGRAPHY

The 1967-68 photography club under the very able sponsorship of Mr. St. Clair had a busy season again this year providing pictures for the "Camosunet" and Vic High's annual the "Camosun". Dedicated cameramen could be found "lurking" at most dances, concerts and sports events as well as any hallway or classroom where unsuspecting students could be caught in the act of just being themselves!

The darkroom

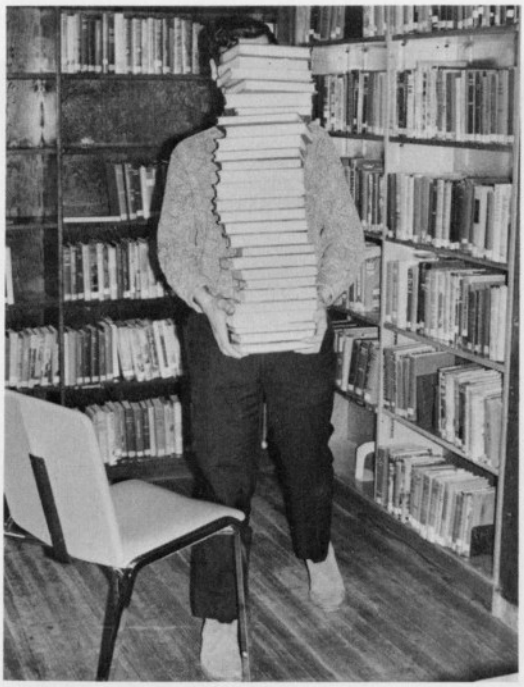
Kodak Cocktails, Anyone?

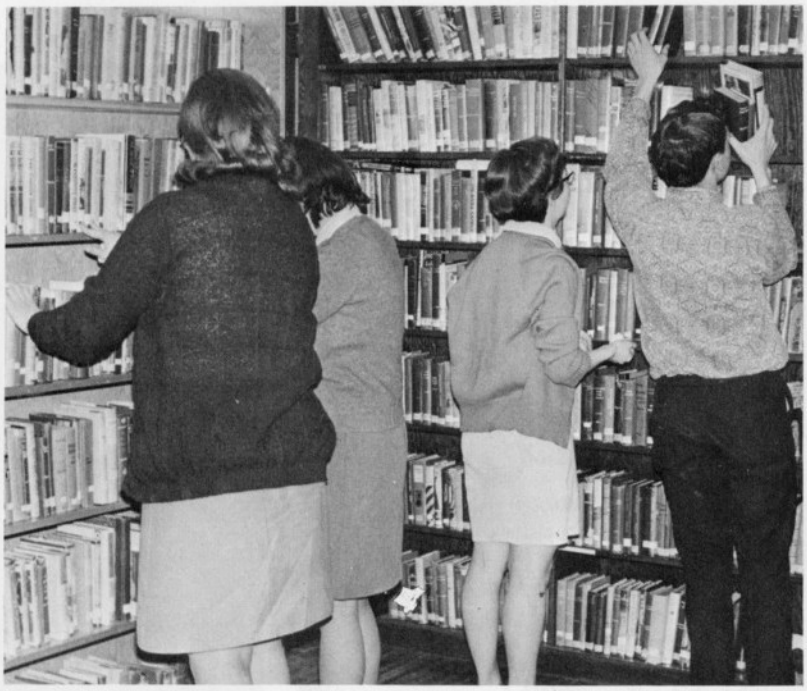
PARLIAMENT

Under the sponsorship of the governor-general Mr. Nesmith, Prime Minister Roger Skillings and his able cabinet ministers, have managed and directed the many school business and social functions. It is hoped that this type of government will encourage students to appreciate more fully our federal system of Parliamentary procedures.

According to Bourinot's "rules of Order" . . . . . .

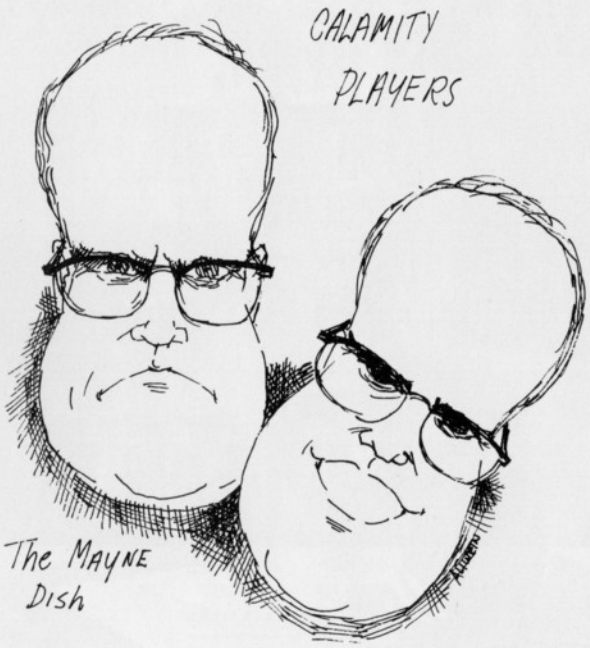
LIBRARY





The library club, thought of as dull and staid, has developed into an exciting and adventurous club. This past year, with Walter Magee as their idolized hero, the hard-working members of this elite club have slavishly repaired numerous books, accompanied by the soothing strains of guitar music. Drinking tea in the back room is the favorite pastime of this club.

CALAMITY



FUTURE TEACHERS

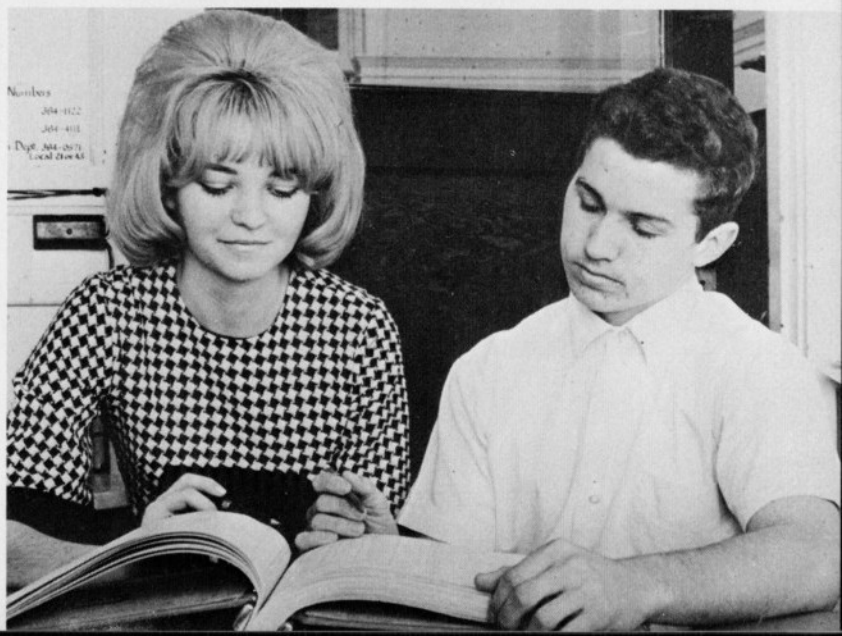
With twenty members, this year's Future Teachers' Club had a busy programme which included visiting elementary and secondary schools to observe teaching methods and facilities. Under the co-sponsorship of Mrs. Seens and Mrs. Reimer, bi-weekly meetings with guest speakers and discussions gave students an insight into the teaching profession.

PLAYERS

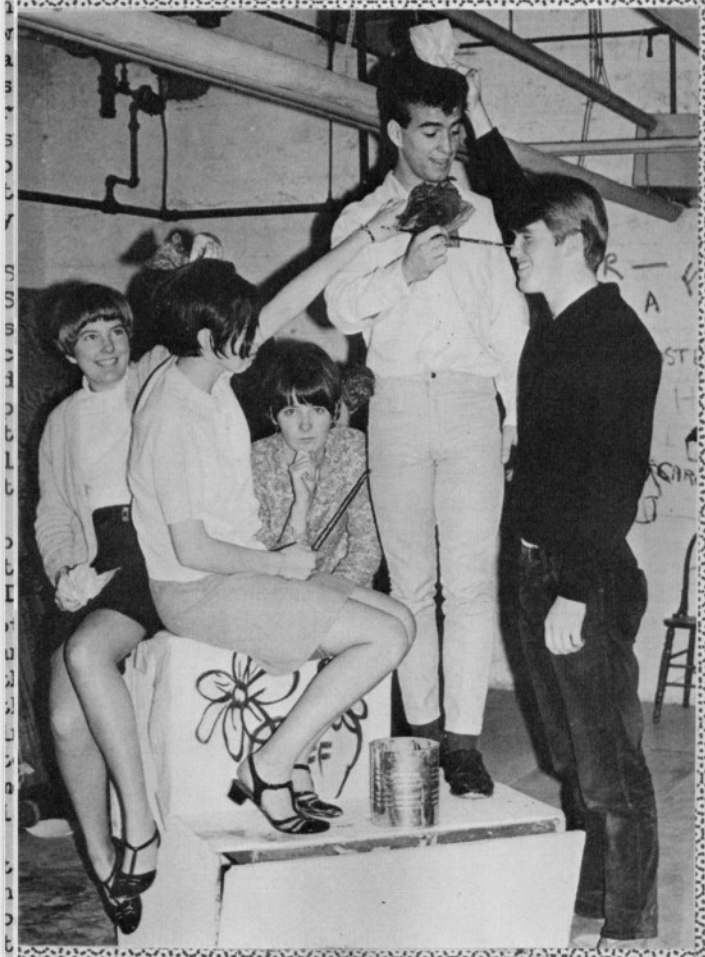
Mr. Mayne is happy to report that he has survived another year of "pun"-ishment. When asked about his affiliation with Calamity, his only comment was "Why me? Why me? Where is it all going to end?"

ASSOCIATION ACCOUNTANTS

The members of the Association Accountants, namely Allan Shaw, school financier, and Leslie Smith, school auditor have valiantly and efficiently coped with the intricate finances of the school this year.



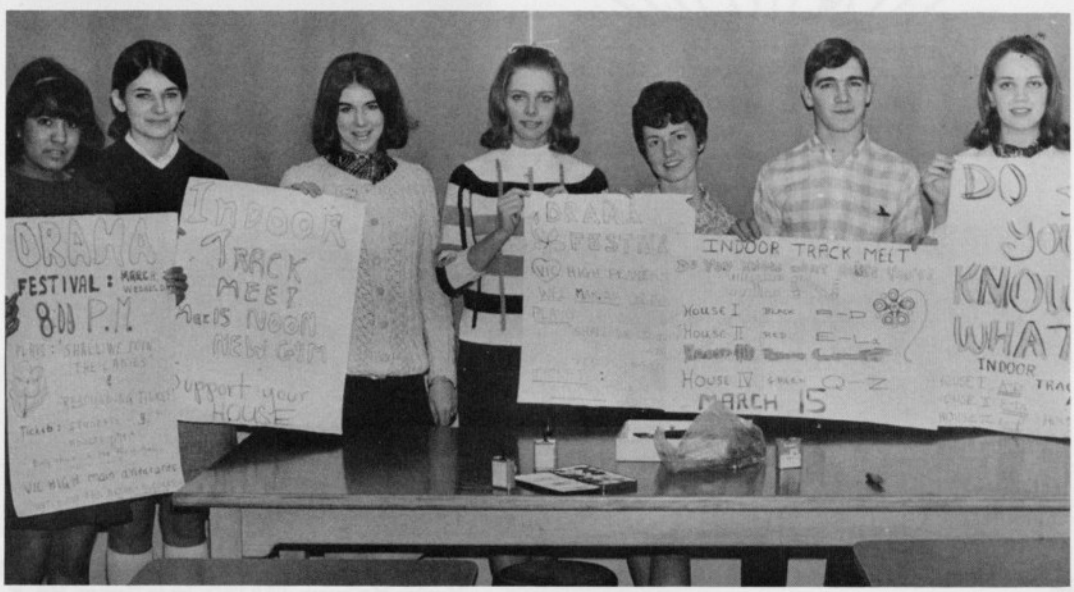
SOCIAL COMMITTEE

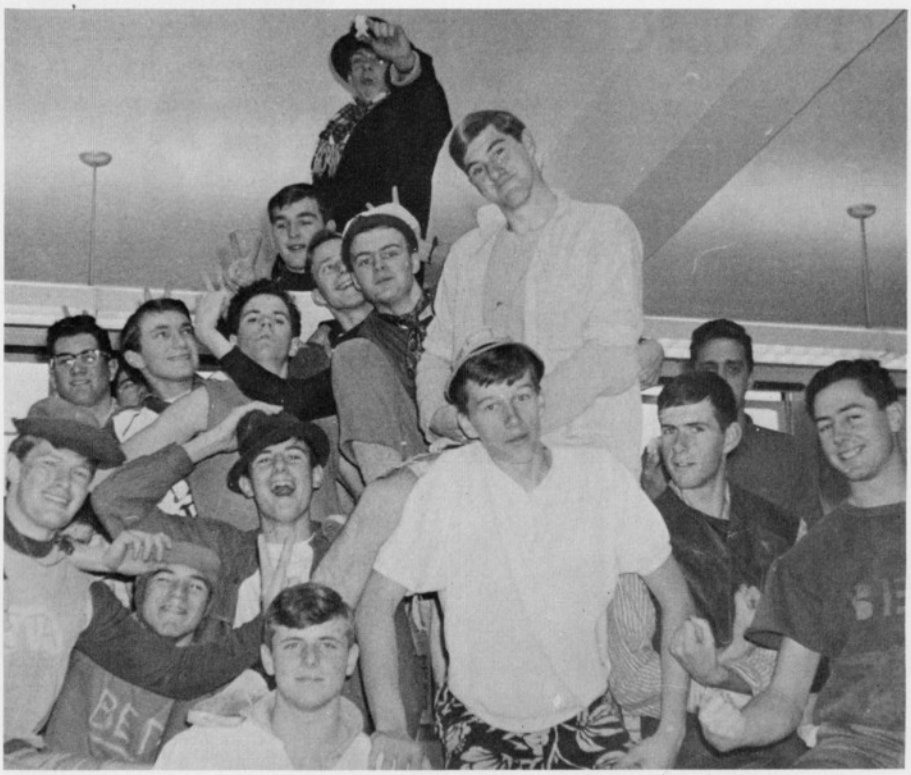


A great deal of credit goes to the Social Committee for helping at all the school dances this past year. The hours of effort put in by these hard-working students were evident in their original and colourful decorations. The service of these members was greatly appreciated by the students and the staff.

PUBLICITY

The hard working Publicity Crew have been intensely absorbed in turning out first-rate posters and other paraphernalia. Other clubs and various sports events have benefited from their advertising. Miles of paper, glue, and ink have gone into the posters that decorate our halls.





BETA HI-Y

This service club headed, by president Bob Cunliffe, is composed of many familiar Vic High personalities. The "Beta Boys" were kept busy doing service projects through the Y.M.C.A. or the school, and participating in many social activities. Projects included the Penny Drive, assisting retarded children, and fund-raising for local and national charity organizations.

Y-TEENS

STANDING, Left to Right: Laurel Burgess, Lynn Ingram, Linda Gordon, Lee Burrows, Marilyn McGowan. SEATED: Irene Gamey, Mrs. R. Taylor.

GAMMA HI-Y

Gamma Hi-Y, though a slow-starting club this year, didn't take long to become a fast-paced, interesting, and interested group. The Gamma Boys can be proud of their successful fund-raising projects for World Service, such as a book drive in Oak Bay, and their children's community centre project in James Bay.

Cathy Pearson, Heather Hackett with Mr. Teeny, Carol Nielson,

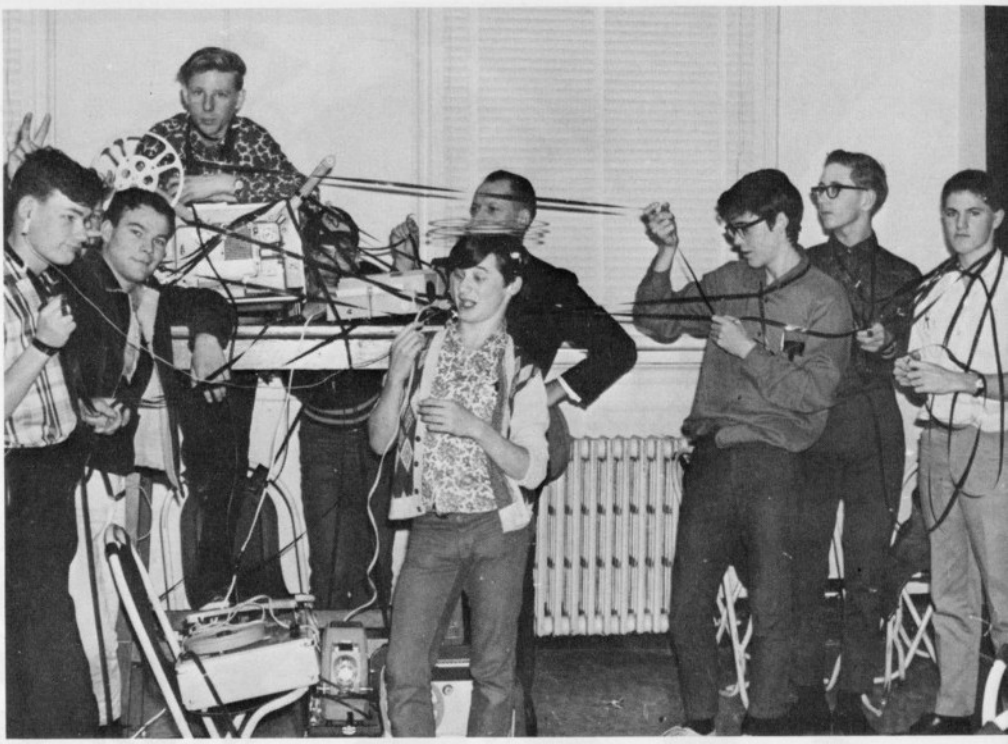
This year's Y-Teen Club, under the sponsorship of Mrs. Taylor and the leadership of Irene Gamey and Laurel Burgess, could boast of being not only the largest, but one of the most active clubs of 1967-68. On-the-go blue and white girls sold pop at games, had several delicious cake sales, ushered at various school activities, and still managed to emerge victorious after a gruelling no-holds-barred Penny Drive competition against the Beta-Boys. Many thanks to the Y-Teens for another year of service to Vic High.

HANSARD TYPISTS

The Hansard secretaries worked hard this year to take down in shorthand, and then transcribe, a verbatim report of our Parliamentary procedures. Led by Colleen Hills, these girls produced a six-to-eight-page Hansard every week, giving the students an inside view of their government at work.

GRAD CHOIR

This year's Projectionist Club, led by Bill Kremer and Jim Tibando, had thirty-two members, four of whom were girls. Setting up microphones, furnishing amplifiers for sport events, dances and assemblies, and gallantly helping totally technically ignorant teachers, are just some of the numerous chores that the club had to cope with. This has been a busy year for the Projectionists.



PROJECTIONISTS

Although the Grad Choir at first had trouble conscripting members, it later developed into the largest club in the school. Miss Coburn was choir mistress of this more-than-one-hundred member singing group.

TIKIS

The Girls' Volleyball team, the Tikis, coached by Mr. D. Smyth, had a very successful season. They not only won the city championship, but also defeated Mission City to capture the B.C. title.

Since the middle of September Titans have been having hard hitting and long working practices with their most able coach Mr. Delap. Because of this, their game has greatly improved and the team is showing more confidence and spirit in spite of being the smallest club in the league.

TITANS

FLOOR, Left to Right: Ed Kozicki, Ken Rittaler, Bob Hissink, Bob Lepshinoff. SEATED: John Holland, Gordie Simpson, Dan Wallis, Tom Wood, Captain; Bruce Walkey, Alex Zellermeyer. STANDING: Mr. Delap, John Thompson, Dave Stevens, Bob Turkington, Bob Mouner, Ralph Anderson, Ross Coburn, Keith Waters.

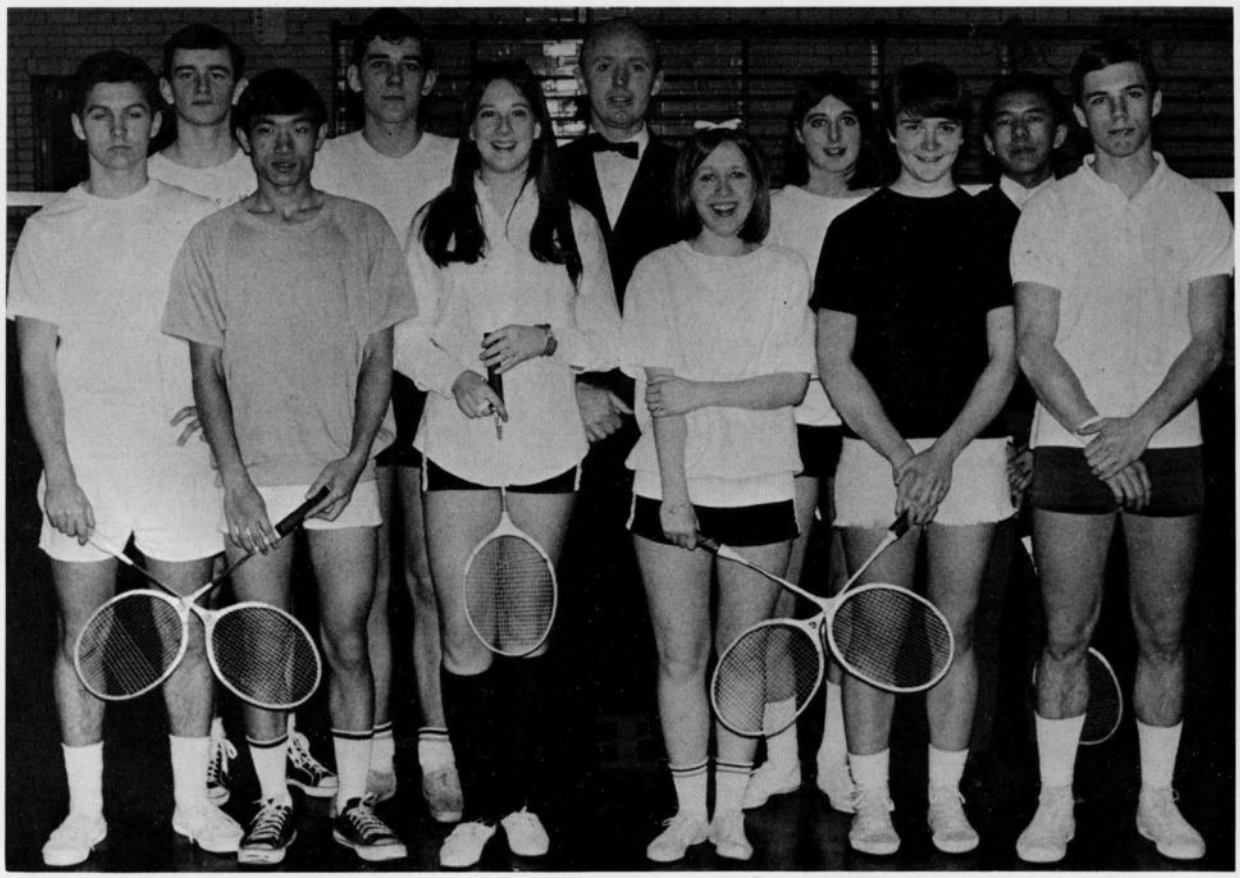
TABLE TENNIS

The table tennis club, under the warmhearted leadership of Tom Jarvis, has by some miracle managed to keep alive this year. At the last count still thirty-five members were breathing). Club sessions start fairly peacefully in the morning, but tend to liven up at noon as players use a bat, a ball or any other handy weapon to prove a point. The big, big, key word around this club is talent!

BADMINTON

Badminton is a sport for people who enjoy matching wits, cunning, strength and aggressive determination, or just like clowning around. The club consists of people mostly; but on the court they are bloodthirsty cannibals, all under a great chief, the sponsor. Everyone has fun, which is, of course, the object of the club.



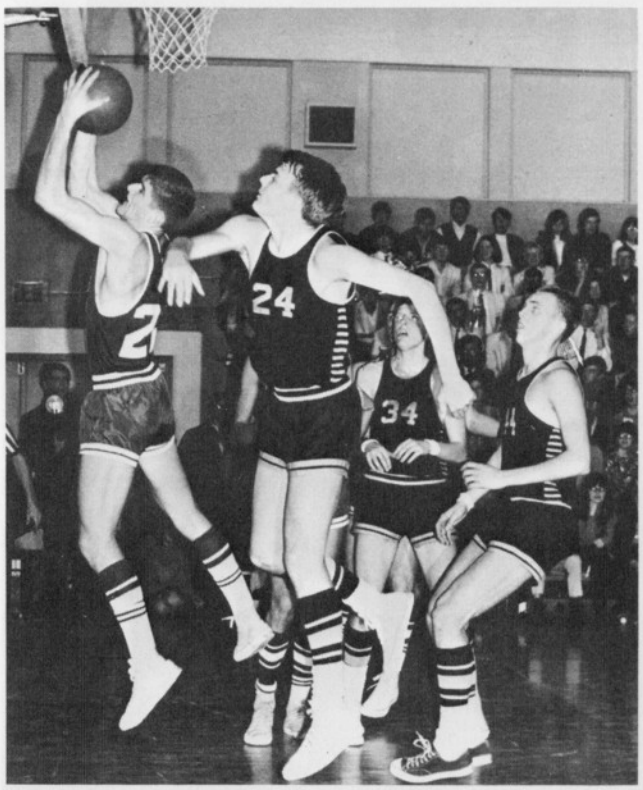
GRASS HOCKEY

This year under the direction of Mrs. Whitby the girls' grass hockey team was able to place second in the inter-school league. Despite pouring rain, the team played well in the Island tournament. FRONT ROW, Left to Right: Lois Flavelle, Linda Flavelle, Vicki Hammond, Pat Bourne, Judy Robins. BACK ROW: Janice Dicks, Stephanie Rogers, Kathy Newell, Shannon Bourne, Sheri Roskelley, Tibbie Mason Hurley, Janette Hammer.

CROSS-COUNTRY

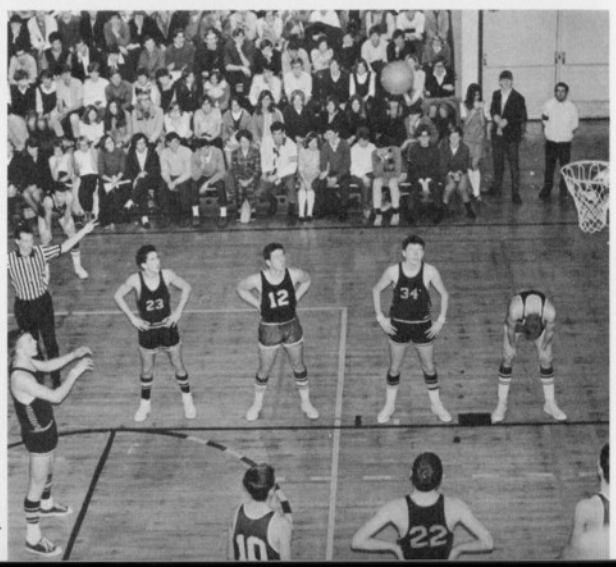
This year the cross-country team has been supported by a small but enthusiastic group. The team competed in a number of races and performed well for their number and experience. Many thanks go to their able coach Mr. Fougner, for his useful instruction and encouragement.

FIRST ROW, Left to Right: Ian MacLean, Malcolm Mactavish, Dave Mulcahy, Gary Thurber, Fergie Andieson, Barrie Moen. SECOND ROW: Mr. G. Andrews, Roger Skillings, Eric Earl, Gerry Vanderjagt, Mike Chornoby, Bill Clarke, Ron Dworski.



TOTEMS

Under the experienced coaching of Mr. George Andrews, this year's Totems have developed into one of the strongest teams we have had for some time. Perhaps their most impressive display was their defeat of the highly-rated Burnaby Central team by a score of 66-50.



A combination of the excellent coaching of Mr. Fougner and Mr. Andrews, and the added experience of Gary Thurber and Mike Chornoby, both of whom played in exhibition games with the Totems this year, enabled a strong Tepee team to complete the 1967-68 season without losing a single game.

FRONT ROW, Left to Right: Rick Rushton, Jan Bentley, Doug Puritch, Allan Mottishaw. SECOND ROW: Bruce Goldsmith, Ron Dworski, Gary Thurber, Mike Chornoby, Mike Beaulac.

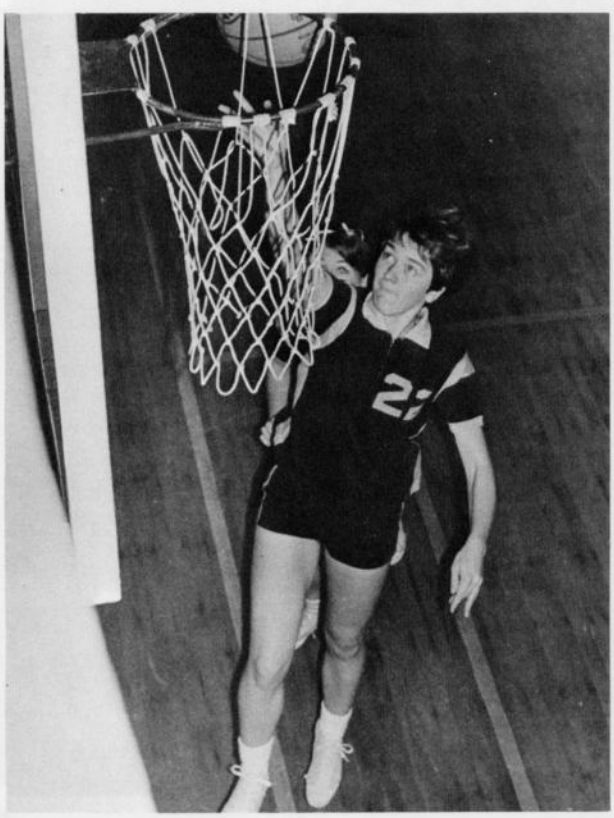
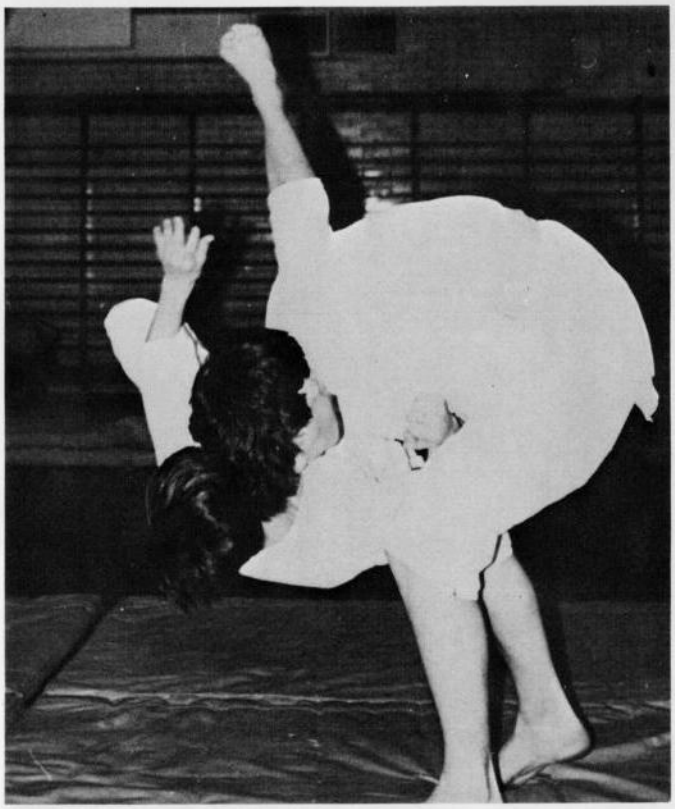
FIRST ROW, Left to Right: Linda McNeil, Janice Dicks, Pindar Azad, Anne McKeachie, Janette Hammer, Shannon Bourne, Barb Halberg. SECOND ROW: Judy Robbins, Linda Jordan, Kathy Newell, Pat Bourne, Vicki Hammond, Anne Holborn, Mr. Gammon.



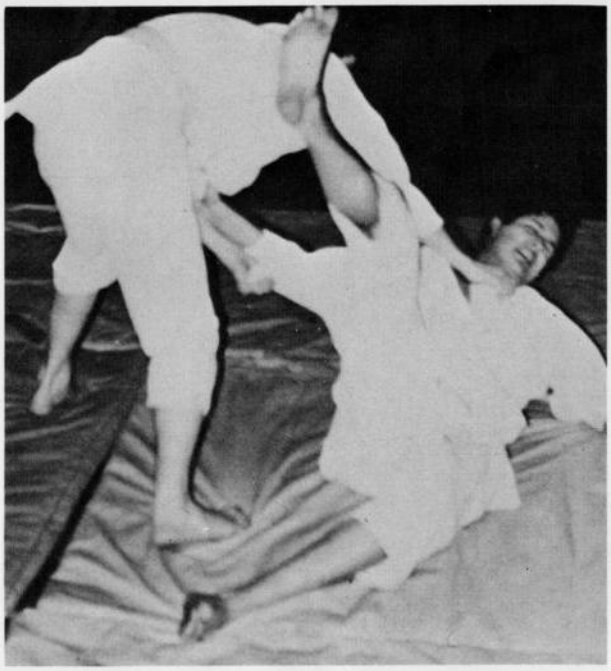
BASKETBALL

This year the Tigers, under the coaching of Mr. Gammon, have had a fairly successful season in the inter-school league. In the Vancouver Island tournament they were, unfortunately, defeated by the Island champions, Courtenay.

TIGERS



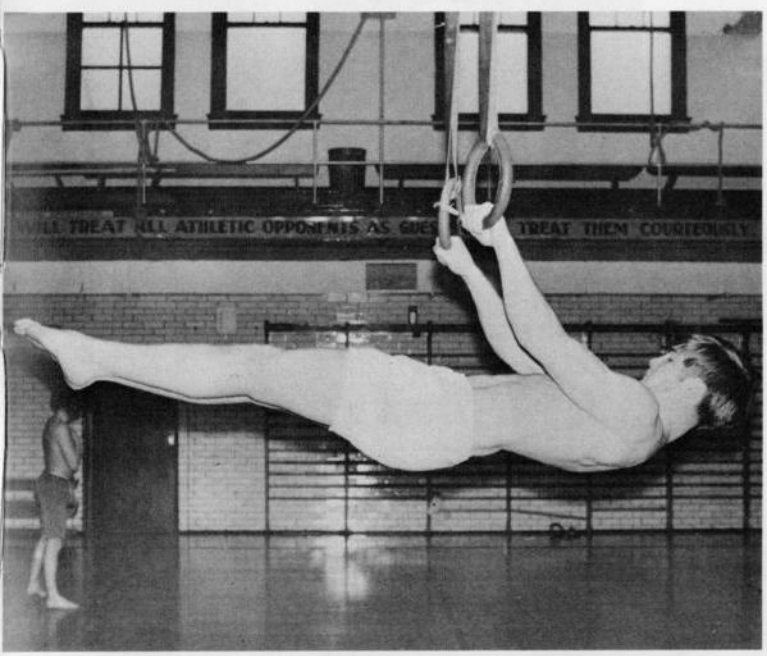
JUDO



This is a newly formed club under their sponsor Mr. Kirby and president Leif Klokeid. The eight regular members meet in the Old Gym each Tuesday to study and practise this ancient and fascinating art.

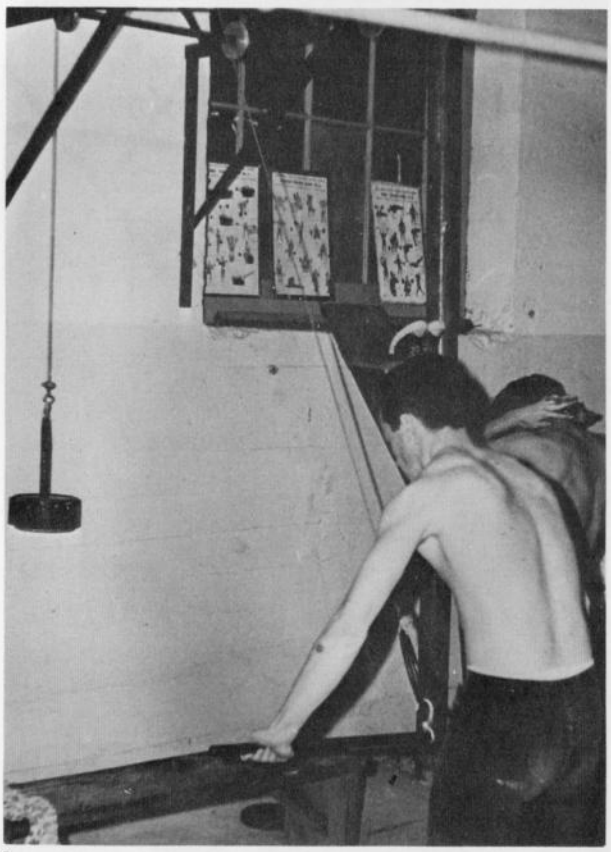
GYM TEAM

The gym team is sponsored by Mr. Kirby and coached by Jim Williams. These energetic students meet a few times a week for a workout on the gym equipment, and learn skills such as vaulting, free exercise routine, tumbling, and rings.

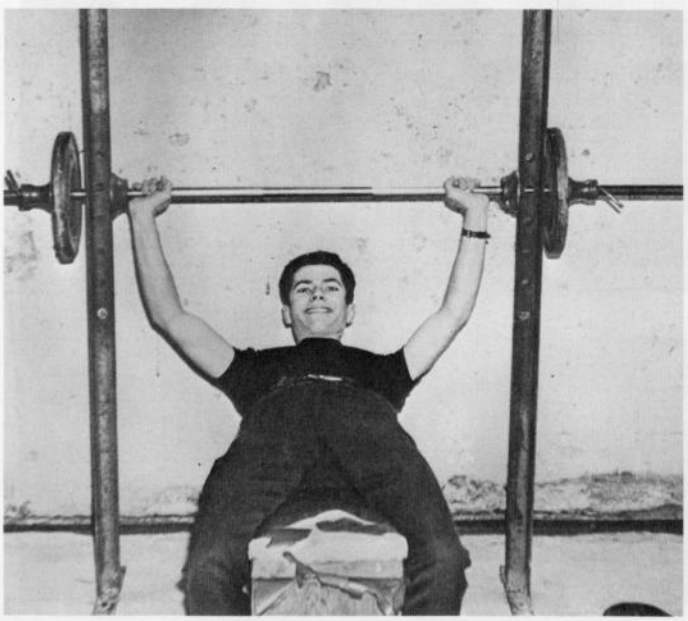


SWIM TEAM

This year the Swimming Team had a sad season due to a lack of funds and poor support. But, however, the valiant students who did turn out performed extremely well under the leadership of their coach, Rick Minckler. In the City Championships Lloyd Minckler placed second in the 50 yds. butterfly and the rest of the swimmers took fourth place in nearly all novice events.



BODY-BUILDING CLUB



CHEERLEADERS

This year's cheerleaders have enthusiastically supported Vic High's athletic teams. They participated in all pep rallies and enjoyed the support of the boys' cheerleading team. The girls could be found every Monday, Wednesday and Friday morning as well as frequently after school practising in the Old Gym. All members have enjoyed this year thoroughly, and they would like to wish the best of luck to next year's cheerleaders.

Come give a cheer for Victoria High,
We never falter; we never die,
Raise our colours, black and gold,
And cheer for the teams so brave and bold.
If anyone should question us, why,
We give a cheer and then we reply
That we're fifteen hundred strong
And this is our fighting song!
Rah! Rah! Rah!

We're with you team – so fight 'em!
We're with you team – so fight 'em!
Whether we win or whether we lose,
We're with you team – so fight 'em!

China blue skies and pewter grey clouds
Formed the ceiling of the room-like park
And the people strolled by
The ornamental ponds
And stopped to applaud the regatta of ducks.

Red-faced kids and overcoated seagulls
Conversed with each other over pieces of bread
And the people strolled by,

Divided by strips of asphalt tape
And the people strolled
The prickly hedge
In the park on a Sunday internoon in winter.

LETTER TO A LITHUANIAN FRIEND

It was in merry May
that we last looked upon you,
all in your callow, tender ways,
laughing in the storm,
and always too eager to be happy;
never a word you said
revealed too much, or too little.

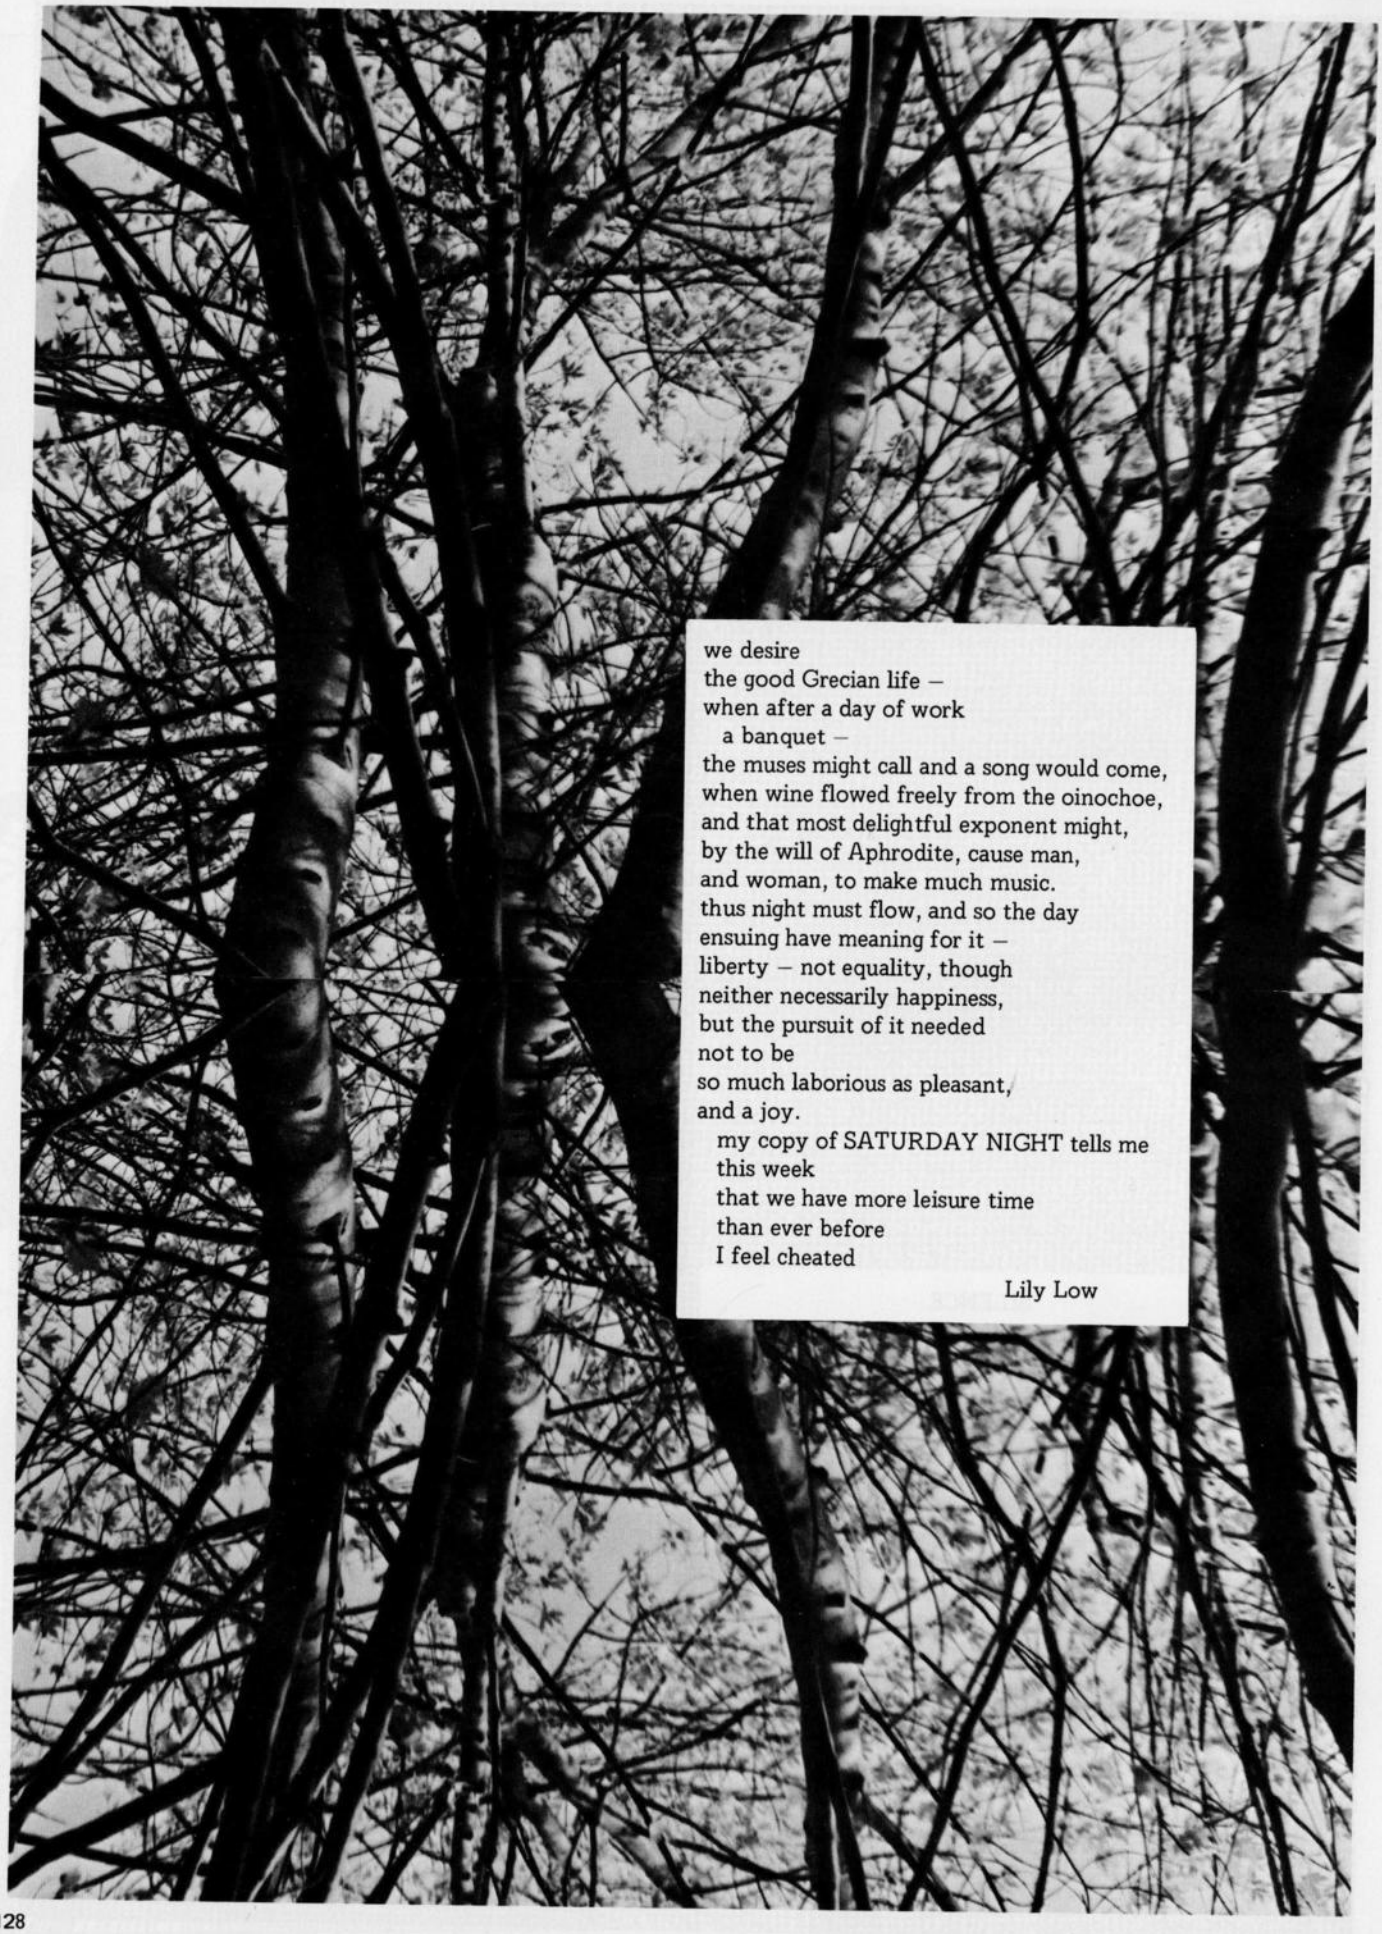
Today the frost came,
and the winter rains.
The leaves of fall
fall, dead.
Death is beauty not presently
being used.
The living die; the dead live on.
And so it is – but wait.
Wait.
For today, keep and remember
all that we had, and all
that was good.
Nothing then, can ever be a waste.

Your Tanya

SILENCE

Yet hear you give your petty grievance voice
To seem yet higher than the highest man.
But men speak not. It is their fixed choice
To silence keep. They let their actions fan
The fires of praise that brightly glow within.
So speak not loud, nor let cry pierce through sky
To deluge those who good would do. You sin
Against the very name you hold so high.
The quiet man is strong in love and hate;
But you who shout your fear inconstant stay,
Pity the gods who strive to save your fate
If on the dark and solemn trial day
While stays the drawn and rasping pain of breath,
You cry to Depths or Heaven for mercy of death.

JAN



we desire
the good Grecian life –
when after a day of work
  a banquet –
the muses might call and a song would come,
when wine flowed freely from the oinochoe,
and that most delightful exponent might,
by the will of Aphrodite, cause man,
and woman, to make much music.
thus night must flow, and so the day
ensuing have meaning for it –
liberty – not equality, though
neither necessarily happiness,
but the pursuit of it needed
not to be
so much laborious as pleasant,
and a joy.
  my copy of SATURDAY NIGHT tells me
  this week
  that we have more leisure time
  than ever before
  I feel cheated

IN PRAISE OF CITIES

Maligned and mutilated
unfed and unsated
Warmth of tall concrete burrows
Earth-like in retreat from sorrows
In motion
a veritable ocean
of synergetic ecumenic ekestic organic action
Pools of life in refraction
Flashing signs excite the weary soul
uniting one into mankind's whole
Plenty for the penniless
(equal to the rich)

Spikes of labour
sleep and knowledge
soar and slope
climb and grope in tones and textures
and hues and moods
all showing hope
Brilliance and communication are one
heterodynamical prism far
expounding the earth fire and water
and that's what cities are.

James Darknell

AN UNSEPARATE PEACE

There is peace in the noisy city,
for there is a time
when one must be alone
without being alone,
when one must walk
in anonymity
and observe and enjoy,
or re-evaluate his own conception
of what is, and what is not.
The crowded city is the place
for excommunication
while being in contact.
The crowded city is the place
to mock one's own follies,
and to weep the blindness of all men.
One finds answers in the city;
one finds peace in answers;
and yet,
one cannot help
but find questions too.

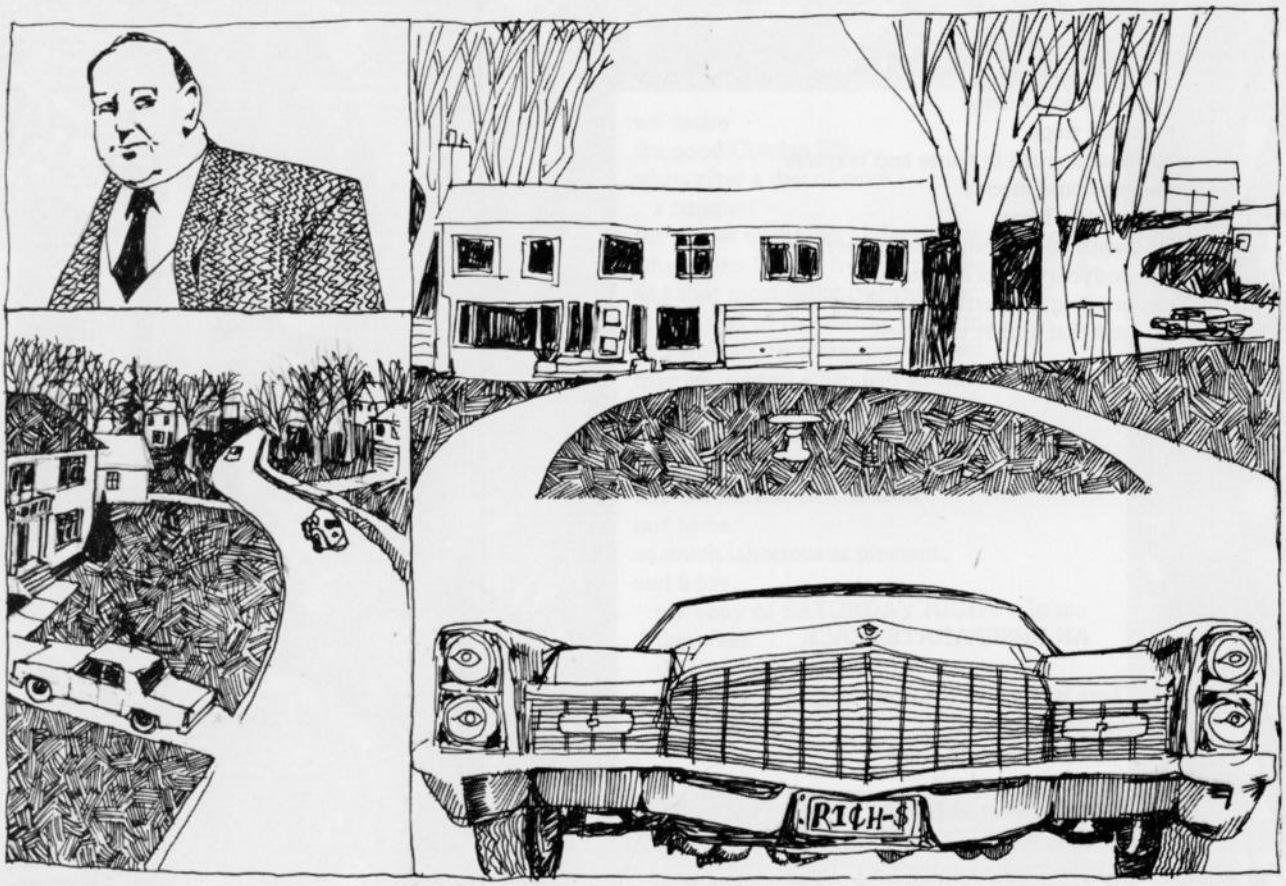
UPLANDS

Established, developed, envied and monied
Mansions throughout this part of Oak Bay
Gardened and Oak Tree'd, grassed and flower'd
By little old men in blue dungarees.

White plastered and shingled in gold-plated cedar
Walls of ivy and fixtures of brass
Herds of black Lincolns stabled in car ports
Concealed by acres of jewelled lead glass.

Doctors and dentists and men of large status
Flourish like weeds in this garden of hell
Until they are poisoned by clouds of black mortgage
"Their credit is bad," chime the shiny death bells.

Bob Altwein



AN ANCIENT GOD

While walking down a trampled ungle path
I paused to see an ancient granite head
With eyes two hollows filled with godly wrath.
This antique idol centuries past laid dead
Still called through time to hold the reverent gaze
Of those who chanced upon its savage face.
And I, who had no thoughts but present days,
Now saw the glory hidden in this place.
The god of natives now a god for me -
I longed to lay before the noble stone
The gift of all things in my treasury.
This remnant of forgotten times alone
Could have my humbleness. Yes, now I know
Why we left our true gods long ago.

MA REPONSE

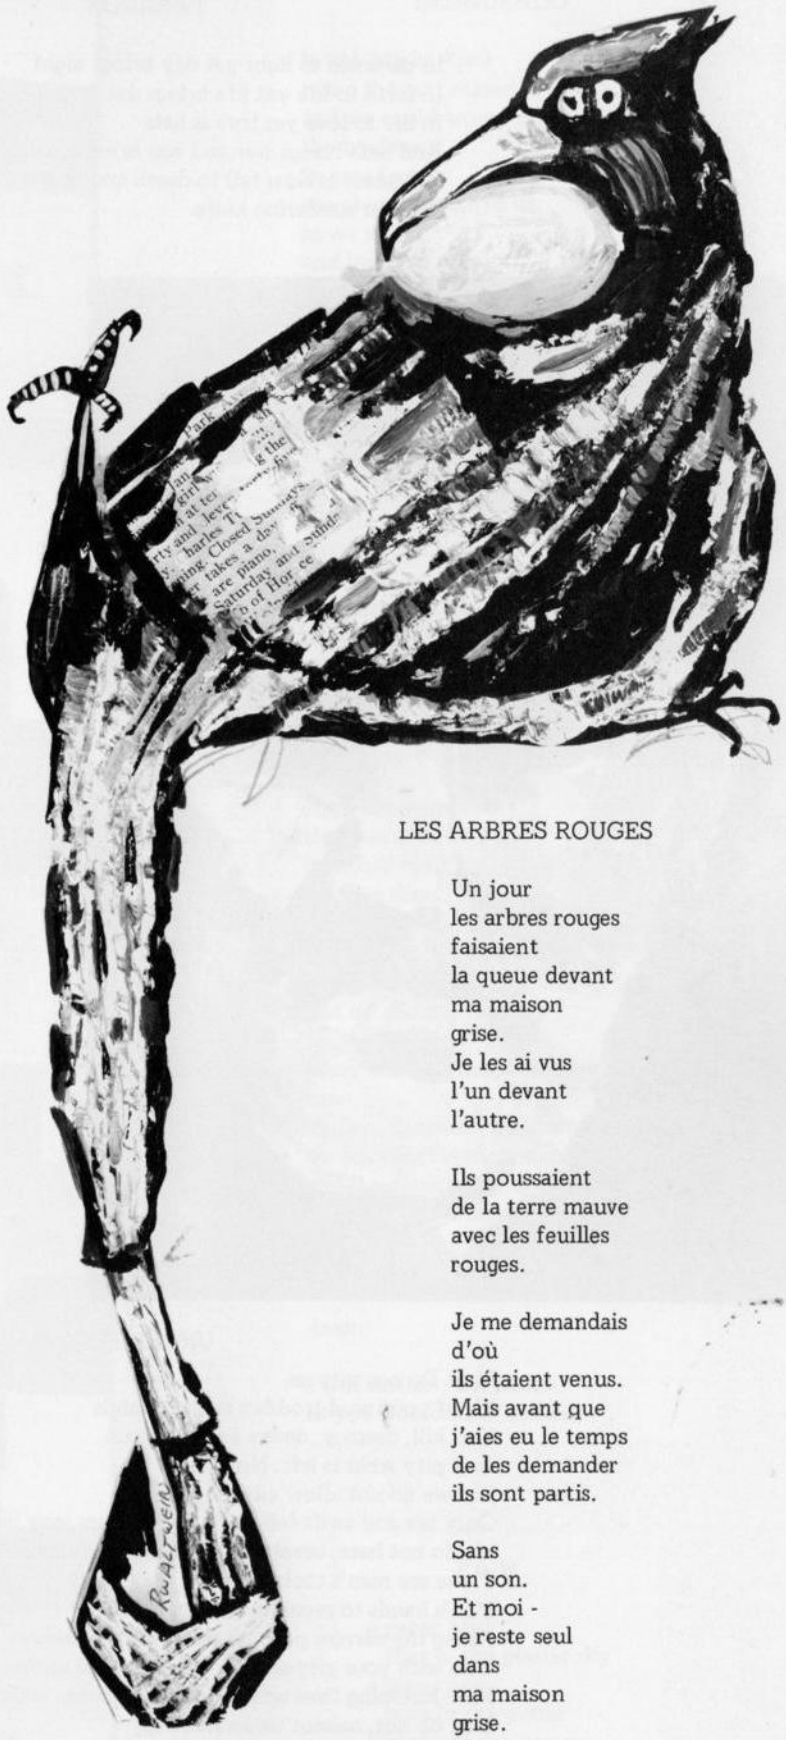
Demandez-moi
si je t'aime
Et je n'ai pas les mots
de te répondre.
Mais dans mon coeur
je comprends
que tu ne veux pas
entendre.
Toi, tu comprends
mon coeur
et ma réponse.

UN GRIFFIN D'OR

En faisant mes devoirs
ce soir
un griffin d'or
m'a apparu
et m'a appelé
de mon travail.
Il m'a offert
de m'amuser,
et j'ai accepté.
Pendent cent
très longs ans
je jouais
avec mon griffin d'or,
mais
mes faux-amis
m'ont emmené
à la terre encore
sans mon griffin d'or
qui volent
tout de même
dans mon âme
sans controle

les moineaux
s'envolent
et avec eux
les feuilles
du temps de
recolte
elles toutes vont
mourir
bientôt
et moi -
moi aussi
je vais mourir
un jour
comme les moineaux

Paulette



LES ARBRES ROUGES

Un jour
les arbres rouges
faisaient
la queue devant
ma maison
grise.
Je les ai vus
l'un devant
l'autre.

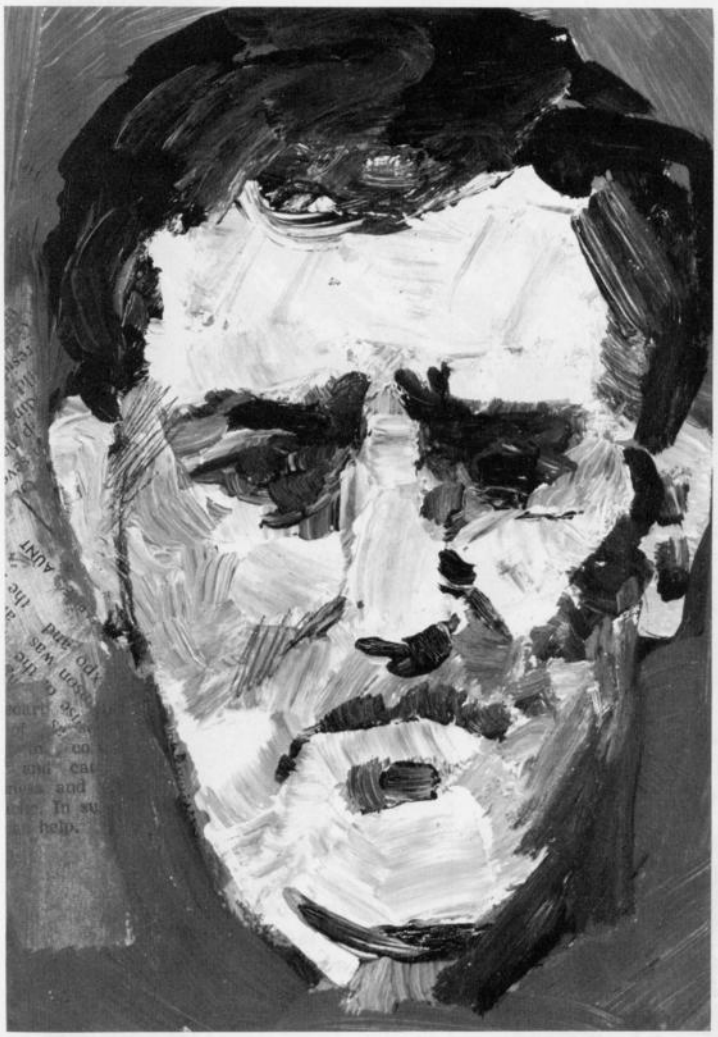
Ils poussaient
de la terre mauve
avec les feuilles
rouges.

Je me demandais
d'où
ils étaient venus.
Mais avant que
j'aies eu le temps
de les demander
ils sont partis.

Sans
un son.
Et moi -
je reste seul
dans
ma maison
grise.

PARADOX

In darkness to light yet day brings night
In birth to life yet life brings death
In life to love yet love is hate
And hate brings war and war brings death and life
Yet peace is slow fall to death and death is the only peace,
The last sundering knife.



THE CIRCLE

the road of eternity
lights up a pathway for
many a dark stranger
you just walk and walk and walk
you don't really care
where you walk to
just as long as you get there
eventually

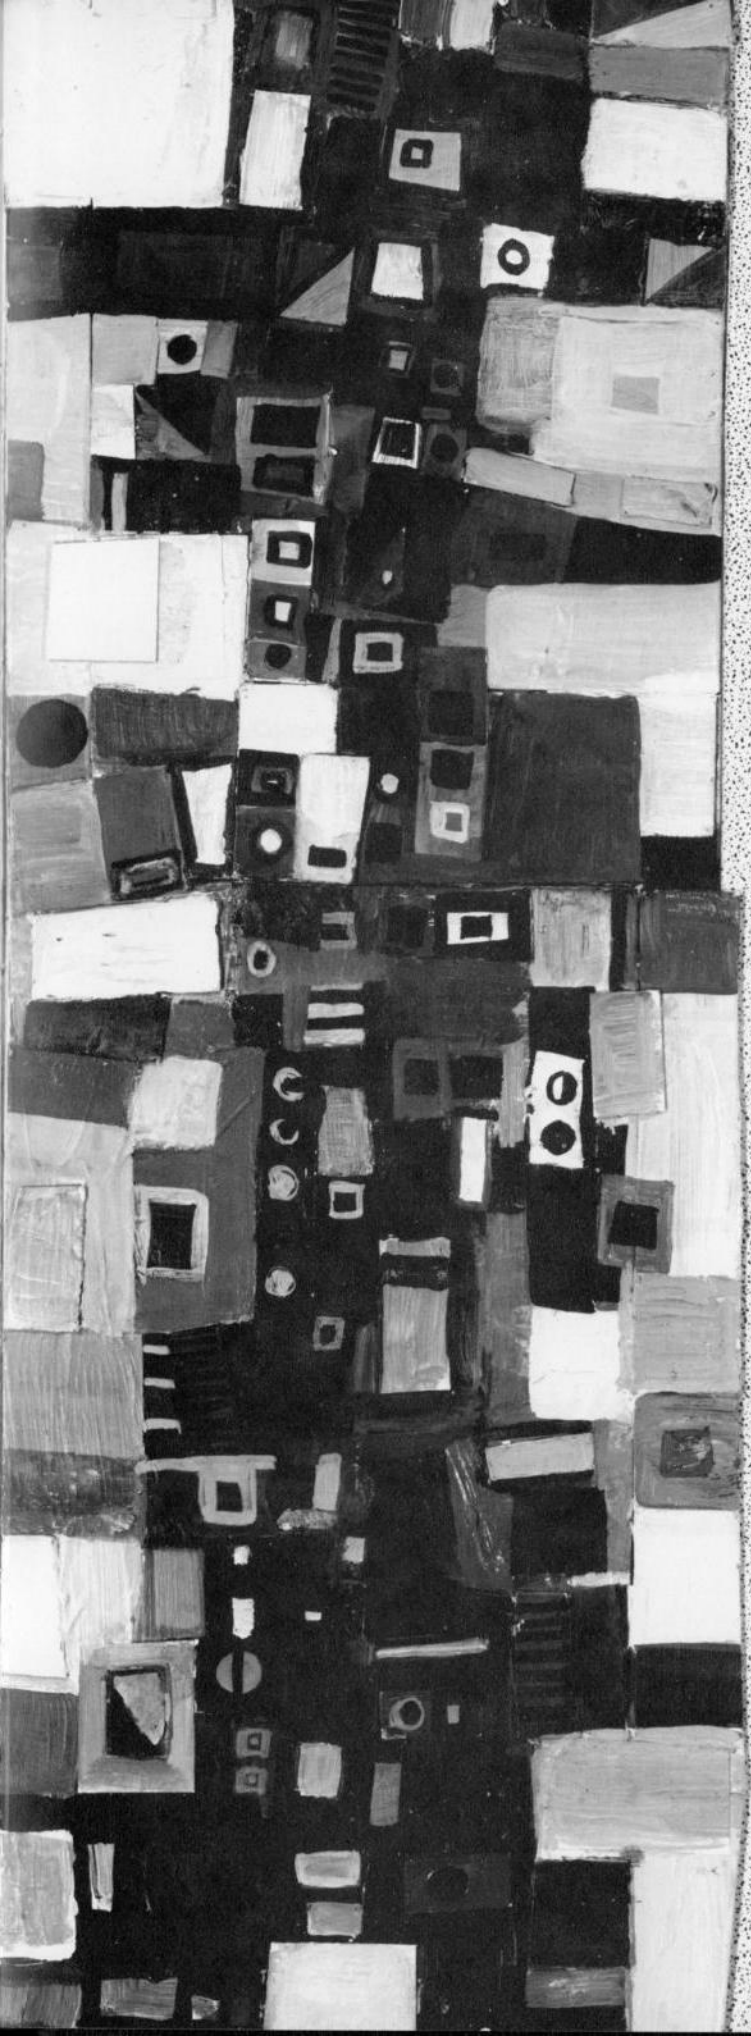
the road of eternity
winds along a crooked highway
which goes up the downway
many people want to live
for eternity
find the road
the road of eternity
it's there
somewhere
no purple skies
your feet do the colored
walking

The road of eternity –
nobody dies on the road
of eternity
nobody lives on the road
of eternity
you just exist

UNDER FOOT

Pity! Do not pity us,
We of your mud-trodden twilight lands
You kill, destroy, desire and kill again
And pity what is left. No more!
For we do not allow empty pity
Only life and swift-fell death that others may live.
We do not hate, break life with cage and chair
These are man's tools,
Man's hands to regulate his empty earth
Along the narrow path his narrow mind desires.
You with your city-smears of close, cold stone
Fear-Ravening fires where once the forests walked and free skies sang,
You do not, cannot understand us.
We were here before, we will remember
And we will remain when all your kind and all your works
Are dust
And we will not pity.

John Arber



INSINUENDO

it was late in April
when the rain ceased
and we could tromp down
the boulevard
in bare-feet.
the church watched us
as we went
and loved to protect
our presence there.
seventeen I was
and green
unbound
to any of the right
inhibitions
untried, not yet untrue
but it was late in April
and the rain
had stopped.

our posterity tree.
this was our posterity tree.
you see our initials carved here
for all time.
how could we have gone to posterity
with so little finesse!

April brought finally,
the heat of brief July.
it should not have
another time.
nor should we have,
and soonly, April, and heat, and
brief July melted into one
and we should not have

many things are replaced in
time
by fire, by water, by atoms,
by abominable snowmen,
and the democratic dream.
when the wind blows
so goes the soil
if there are no roots to hold it

down

I will scatter your ashes
as you would have wished.

RAIN

a paper bird

a grey river
  runs in the gutter
like the favourite rose
of an amateur gardener
the world is being watered

ARE DRIVING LESSONS WORTH THE COST?

WITHOUT A DOUBT-THEY ARE.

Trained Drivers save money because they are in less accidents, commit less traffic offences and pay lower Insurance Premiums.

Savings far exceed the cost of Driving Lessons.

Fellows? It is not sissy to take lessons. It's sensible. It saves you money - and any day you can do that, you're ahead.

Read how SNAP facial cleansing, helped this girl correct pimples and blackheads.

An Ontario girl writes: "when I was in my late teens, I was plagued with pimples and blackheads, and my mother spent a small fortune trying to correct them – unsuccessfully. A girl friend suggested a twice-a-week facial cleansing with SNAP. I am over 30 now, and receive many compliments on my skin. No blemishes, and oddly enough, no lines."

Another girl writes: "SNAP makes a wonderful facial cleanser for teenagers with a skin problem, and women who want an inexpensive skin cleansing treatment which can be done at home."

We constantly receive letters like these, telling us how SNAP cleans the skin, stimulates the circulation and helps improve the complexion.

Give SNAP a chance to help your skin!
